Ok, sure. Would love for you to participate, but I understand that it's pretty difficult to find a time. I will ask Amy to send the doodle poll to Ben.

Hi Miranda, thanks for checking in. My schedule can get a bit congested and my September is pretty busing (b) (6) conferences. I don't see my participation as being that critical should Ben have time to be involved. Suggest you focus on Ben's availability and I will catch-up as Ben or you need me. Thoughts?

Cheers,

Chris

Hi Chris – Amy is having trouble with the doodle poll scheduling. Are there any times that you may

10/24/2018

possibly be able to attend that work for everyone else? If so, could you indicate in the poll? If you click something twice that puts it as a 'yes, if need be' vote. Note that Brett's attendance is not mandatory.

If not, I'll ask her to look at the following week (but would prefer sooner than later).

Thanks,

Thanks, Miranda.

Any ideas about the best plan forward? It looks like Chris' schedule is the most difficult piece to fit in during that week.

Jayne – I think if you click twice it will give a maybe response.

Did you include a “maybe” option? That is the one I use for calls at 8 AM (I prefer to get in at 8:30) or conflicts due to meetings/calls in which I am not essential etc.

Hi Miranda and Jayne,

Without Jayne's responses, there are not any times that work for everyone that has responded (<https://doodle.com/poll/ui6c6pd72dpeva7r#table>).

Thoughts? I really figured that 3-4 weeks away, we'd find a time with so many options! Is there anyone that can be considered optional? Should we perhaps try to set up different discussions? Or try for the following week?

Please let me know your preference.

I think a new poll for the week of 9/10 is the best option. Thanks!

Leanne, I'm sorry I missed your call yesterday afternoon. I wanted to loop in Miranda and Jayne so we can determine the best path forward with scheduling a call.

Miranda/Jayne, Cristiana cannot make the call time on 9/4. She proposed a time later that afternoon, but I am unavailable then.

Perhaps the best solution is to send out a new poll for the following week (starting 9/10) as there were no other alternatives that worked for the first week of September based on the last poll. If so, I'd ask for a quick turn-around to complete the poll so we can get the call scheduled before more meetings pop up for everyone.

Please let me know how you would like to proceed.

Thanks, Amy

Hi Amy,

We'll have Cristiana Figueroa-Kaminsky from our environmental assessment program join us.

It might be easier to work through me to schedule both her and Rich. Here are some times that work for all three of us during the first week of September.

Tuesday Sep. 4th – before 10:30 or after 2:00

Wednesday Sep. 5th – anytime between 11:00 and 3:00

Thursday Sep. 6th – Anytime except between 10:00 and noon

Best,

Leanne

Hi Leanne,

Thanks for the update. I will sit tight on my end and wait to hear back from you and/or EPA on scheduling the discussion.

Look forward to working with you.

Thanks Amy,

We'd like to try and include someone from our modeling team in this conversation – but that will likely mean we need to push this out until the first week of September.

I will get back to you as soon as I am able to touch base with them.

Thanks,

Leanne

Hello all,

Please complete the poll below to help identify a good time for an initial discussion on the Deschutes TMDLs. If possible, please complete the poll by Monday, 8/13. I will then distribute a meeting invite for the best time with a call-in number.
